### Winemaker Comments

Tempranillo is an early ripening variety, 'temprano' being the word for early in Spain. The grapes are typically harvested before any other red varieties. Once harvested, the grapes are fermented with yeasts indigenous to the vineyards, followed by a wild malolactic fermentation in tank. Our aim has been to showcase the stylish fruit flavours and lovely tannins of Tempranillo, creating a youthful style.

### Tasting Notes

Medium cherry red in colour, with aromas of fennel seed, strawberry and boysenberry. This wine has a juicy, black cherry, dark chocolate palate with notes of pomegranate and rustic tannins that are so classic of this variety.

Enjoy with tea smoked duck or warm bagels with beetroot and olive tapenade.
